# About us

# Our Brand

**The story of Delicious & Sons is a love story.  
A rich, passionate tale of the romance  
between people and food – simple, quality  
food – and this tale will seduce you.**

It is the most recent project of Ricky Mandle and Mónica Navarro, two entrepreneurs united in their respect for small producers, each other and a passion for the Mediterranean and its cuisine. The Mediterranean itself is a lifestyle, an attitude, a positive way of thinking, taking pleasure in the little things.

Because we are what we eat, we defend a strict code of ethics. Delicious & Sons creates high quality, organic products that are honest and appealing. Our products are natural and non-GMO, gluten-free, and suitable for vegetarians and/or vegans.

Our delicious products are easy to use and even easier to love. You can taste the Mediterranean, the relaxed gatherings with friends. Lunches, dinners, improvised hors d'oeuvres. The warmth and flavor of that special place – and its people – are in every bite. Delicious & Sons inspires special occasions, but most of all we are your everyday ingredients, the simple detail that elevates the daily routine into a unique, quality experience.

A palate steeped in tradition, we introduce the brand of Delicious & Sons in accordance with the times, acknowledging the need to normalize quality products and make them widely available in every aspect.

# Founders

Ricky Mandle and Mónica Navarro are the creators of Delicious & Sons. Proud to have been the force behind Delishop, their specialty food brand, over the past decade, they now present Delicious & Sons, an organic quality brand and products with an attractive design.

The Delicious & Sons family defends a strict code of ethics. This translates into natural recipes, non-GMO ingredients and the majority of products apt for vegetarian and/or vegans, as well as gluten-free diets.

The grill is cooking two large fish fillets topped with sliced tomatoes, yellow potatoes, and onions. In the background, there are artichokes and other vegetables on the grill. The word "Products" is overlaid in a large, bold, black serif font in the center of the image.
